THE ULTIMATE TWO STOREY FAMILY HOME.

The Sierra ticks all the boxes, presenting the ultimate two storey family home. As you enter, your eyes are drawn down the central passage towards a light filled, spacious living and dining area. This relaxing, airy space extends onto a large alfresco area, seamlessly bringing the outdoors in.

The designer kitchen is kept streamlined with a cleverly concealed scullery and walk-in pantry. Through the scullery, a spacious laundry is located featuring walk-in linen.

The ground floor also offers a huge theatre room and further guest room for any visitors you welcome into your stunning home.

As you walk up the stairs, you are greeted with a breathtaking light-filled secondary living space that extends onto a full sized balcony.

The spacious master suite presents double walk-in robes and well-sized bathroom featuring a large shower and separate WC. At the other end of the top floor, you'll find bed 2 and 3 featuring built-in robes and sharing a full sized bathroom with separate WC.

The second storey also offers an activity/study or even 5th bedroom.
