SUMMIT HOMES

The Solis. Where modern design meets effortless functionality.

From the moment you arrive, the 36-course entry welcomes you with grandeur. The foyer creates a seamless transition into the heart of the home, while the private minor wing features IT nooks, walk-in robes, and two bathrooms for maximum comfort and convenience.

The living room is a statement space with a striking stained plywood ceiling, enhancing the scale of the kitchen cabinetry and larder. Natural light floods in through a large window, creating an open, sophisticated feel. The galley kitchen, with ample storage, a coffee bar, and a recessed ceiling, is every chef's dream.

The discreet laundry, hidden behind a cavity slider, offers generous storage, while the theatre room provides a cinematic retreat with direct outdoor access for versatile entertaining.

The master suite is an elegant sanctuary, featuring a window seat for quiet moments, a luxurious ensuite with a freestanding bath, and a large walk-in robe for a serene, clutter-free space.

Designed for modern living, the alfresco extends the home's entertaining potential – perfect for everything from casual brunches to lively gatherings.

With four bedrooms, three bathrooms, and a thoughtful design, the Solis elevates everyday living into something extraordinary.

The Solis is a flexible design that can be refined to suit your lifestyle. Ask us about custom floorplan options.
